Abstract

Terrorism is a global threat to all countries regardless their social, economic and religious setting. For the realization of their activities, terrorists use different models. As funds for realization of the terrorist act they use different types of weapons, mainly firearms. Terrorist organizations that practice modern forms of terrorism also use weapons of mass destruction. According to that, they improve the ways of getting funds for the realization of the terrorist acts, its internal organization and the ways of practicing terrorism. In this article, we will give a brief overview of the instrumentum operandi, organizational setup and phases of realization of the terrorist act, with special emphasis on the situation in the Republic of Macedonia.

Keywords: terrorism, terrorist organization, weapons, organization setup, phases of terrorist act.
